Cloud specialisation · ITB 2026-27 · 700 hours

ABOUT ME

I am a junior software developer (native Spanish and Catalan, English C1 certified) taking a Higher VET specialisation course in cloud computing (AWS and OpenNebula) at the Institut Tecnològic de Barcelona, after an almost eight-month Flutter internship at Accenture. Part-time, I build and run the website of my family's renovation company and its Google Ads campaigns, which have helped increase its turnover. Next, I would like to work on cloud infrastructure and software projects in an international team.

EDUCATION AND TRAINING

10/2026 – 2027 (expected) · Barcelona, Spain

Higher VET Specialisation Course in Cloud Resources and Services — In progress

Institut Tecnològic de Barcelona (ITB) · EQF level 5

- Official VET specialisation qualification (Royal Decree 145/2026): EQF level 5, 41 ECTS, 700 hours.
- Modules: cloud fundamentals · compute · databases and storage · networking · managed services.
- Technologies: AWS (EC2, Auto Scaling, IAM, S3, RDS Multi-AZ, DMS, VPC networking) and OpenNebula.

2024 – 06/2026 · Montcada i Reixac, Spain

Higher VET Diploma in Multiplatform Application Development (DAM)

Institut La Ferreria · EQF level 5 · **Average grade 7.87 / 10**

- Java, SQL and NoSQL databases, mobile development and unit testing with JUnit.

2022 – 2024 · Granollers, Spain

Intermediate VET Diploma in Microcomputer Systems and Networks (SMX)

Educem · CFGM

- Hardware, operating systems (Windows, Linux) and local networks; included the IT technician internship at PcBox.

PROJECTS

AWS migration plan for a case-study company (ITB course project)

ITB · pair project · 10-minute class presentation

Planned a 12-week, 5-phase migration of a case-study company's on-premises data centre to AWS (eu-west-1, hybrid model): EC2 Auto Scaling from 2 to 10 instances, RDS Multi-AZ, AWS DMS (full load + CDC) for about 1.6 TB, one-weekend cutover. Estimated yearly cost: about €150,000 → €72,000, payback about 6 months.

EC2 Auto Scaling · RDS Multi-AZ · AWS DMS

NexaRetail: highly available three-tier network on AWS (ITB course project)

ITB · cloud networking module · pair project · Nov 2026

Design and build of a three-tier network (web, app and data tiers) in the AWS Management Console: a VPC with public and private subnets, NAT and security groups; the private tiers only have outbound access for OS updates.

Amazon VPC · NAT · Security groups

WORK EXPERIENCE

04/2026 – Present · Mollet del Vallès, Spain

Web Developer & Google Ads Manager (part-time) — Current

Family-run renovation company · Barcelona area, founded in 1994 · alongside my studies

- Built and maintain the company website (Astro, three languages, 260+ pages) and its tracking (GA4, Google Ads conversions, Consent Mode v2); found and fixed a Content Security Policy bug that was blocking conversion tracking.
- Run its Google Ads campaigns: 19 leads between 8 and 23 Oct 2026 and a click-through rate of about 8.5–10% (sector average about 6%), helping to increase the company's turnover.

18/09/2025 – 14/05/2026
Barcelona, Spain

Flutter Developer (internship)

Accenture · Tecnilógica Ecosistemas, S.A.U. (Accenture group) · internship within the DAM diploma

- Worked in a Scrum team on a cross-platform Flutter app for a leading Spanish bank, used in-store by large retail chains: Dart, GetX state management and REST APIs with authentication and error handling.
- Fixed complex UX bugs in production on Android and iOS: landscape layouts, sticky footers, layout overflows, and drawer, keyboard and scrolling behaviour.
- Refactored the UI for responsive mobile and tablet layouts, and took part in Agile sprints using Jira, GitLab and code reviews.

2025 – 11/2026
Barcelona, Spain

Co-founder and CMO

Growlityc · B2B agency selling CRM automations (GoHighLevel) to private dental clinics · co-founder (50/50)

- Built GoHighLevel CRM automations: pipelines, workflows, appointment reminders and patient reactivation.
- Led marketing and client acquisition (Google Ads, Meta Ads, outreach and demos); first demo client delivered: an orthodontics clinic in Figueres.

2025 – Present
Spain

Web Developer Current

Freelance · Own and client projects

- Build multilingual, SEO-optimised websites with Astro, React, TypeScript, Tailwind CSS, GSAP and Three.js: servicempro.com (a luxury remodelling company in Texas, USA), elevvavisuals.com and a renovation company's trilingual site.

02/2024 – 05/2024
Barcelona, Spain

IT Technician (internship)

PcBox · Internship within the SMX diploma

- Diagnosed, maintained and assembled computer hardware, and installed Windows and Linux.

LANGUAGE SKILLS

Mother tongue(s): Spanish · Catalan

Other language(s):

English	LISTENING	READING	SPOKEN PRODUCTION	SPOKEN INTERACTION	WRITING
	C2	C1	C1	C1	C1

Certificate: Cambridge C1 Advanced (CAE), July 2024 · overall score 192 (Listening 204, Use of English 201)

Levels (CEFR): A1–A2 Basic user · B1–B2 Independent user · C1–C2 Proficient user

DIGITAL SKILLS

Cloud (learning)	AWS EC2 and Auto Scaling · VPC, subnets and NAT · Security groups · IAM · S3 · RDS Multi-AZ · AWS DMS · OpenNebula · CloudFormation (learning)
Systems & networks	Linux · Windows · LAN networks · Hardware assembly
Mobile	Flutter · GetX · REST APIs · Material Design · Android Studio
Web	Astro · React · Tailwind CSS · GSAP · Three.js · Lenis · WordPress · i18n · Technical SEO
Programming & data	Dart · Java · JavaScript · TypeScript · SQL · NoSQL · HTML5 · CSS3 · Unit testing with JUnit
Tools & methods	Git · GitHub · GitLab · Jira · Agile/Scrum · AI-assisted development
Marketing & content	Google Ads (Search, responsive search ads) · Conversion tracking · GA4 · Meta Ads · Meta Pixel · Consent Mode v2 · GoHighLevel CRM · Local SEO · Remotion (programmatic video) · Drone filming

PERSONAL SKILLS

Teamwork · Scrum team at Accenture; pair projects at ITB.

Responsibility and organisation · A part-time job alongside my ITB classes; an internship combined with my DAM studies.

Entrepreneurship · Co-founded Growlityc, a B2B agency, and ran its marketing.

Communication · Class presentation of an AWS plan with a classmate; client calls and demos at Growlityc.

Problem solving · Production UX bugs on Android and iOS; a CSP bug that blocked conversion tracking.

Adaptability · From systems and networks (SMX) to apps (DAM) and now cloud (ITB).

ADDITIONAL INFORMATION

Driving licence: B (own car)

Hobbies and interests: Drone aerial filming (own brand, ElevvaVisuals) · regular gym training (about 4 years) · technology and AI · web design

Live websites I built: servicempro.com · elevvavisuals.com

Drone pilot: AESA certificate (Spanish Aviation Safety Agency), categories A1, A2 and A3
